

**FEDERAL UNIVERSITY OF TECHNOLOGY, OWERRRI
SCHOOL OF AGRICULTURE AND AGRICULTURAL TECHNOLOGY
DEPARTMENT OF AGRICULTURAL EXTENSION**

2014/2015 RAIN SEMESTER EXAMINATION

COURSE CODE: AEX 704 Ph.D

COURSE TITLE: AGRICULTURAL EXTENSION ADMINISTRATION AND ORGANISATION.

INSTRUCTION: ANSWER TWO(2) QUESTIONS FROM EACH SECTION.

TIME: 2½ HOURS

SECTION A

1. Using the ADP as a focal point, explain the concept of organisation highlighting five(5) inherent principles.
2. Mechanistic and humanistic attributes pervade the tenets of the organisation of the ADP system. List out five of each and discuss accordingly
3. Bureaucracy is a necessary evil in organisation. Using appropriate illustrations from ADP, justify the existence of this concept.

SECTION B

1. Certain conditions are necessary for successful administration of extension services in Nigeria. Post a memorandum indicating these conditions and also point out some problems that could be encountered in efforts to achieving success in administering extension services.
2. Some basic processes in the administration of Agricultural Extension Services have been identified. Discuss these processes, indicating how they could be meaningfully applied to achieve success in Agricultural Extension Administration.
3. In Agricultural Extension Administration, theories serve principally as a basis for research as well as a guide to administration. Discuss in details any two(2) of these theories, pointing out their functionality and use in Agricultural Extension Administration
